Verein Seidenstrasse für Bildungs-, und Kulturaustausch

Dear Alexandra Bopp Sutter,

On behalf of our Iranian schools and ourselves, we would like to express our thanks for organising the possibility that 8 students of Farhangian University were invited to attend your exchange-program for Iranian teachers in Switzerland, from 9th till 15th May 2016.

We appreciate your huge and special effort in discussions with the government departments in Iran and the Iranian embassy in Bern as well as the Swiss government in order to get all our visas settled. On top of that, we understand that the cost of housing and living in Switzerland in comparison to Iran is very high. However together with you and your friends you found solutions to settle this.

We are looking forward to visit you in Switzerland for the exchange program: visits of schools, learning of Swiss educational system – including the “dual system”, as well as visiting your country which we have never seen before.

Many thanks again.

Kind regards

DR. ALIREZA ALI SUFI

THE HEAD OF HAMEDAN FARHANGIAN UNIVERSITY
